Together We Make an Impact

Your investment in scholarships makes a meaningful impact on our students, communities, and shared future.

“I dropped out of high school to help on our ranch and pay bills. While working on my GED, I also helped others who were struggling. Now, I work full time as the office manager in the same program while going to college for nursing and integrative studies. I continue to help migrant and seasonal farm workers like me to better themselves through education. I never saw myself going to college. Without the scholarship, I wouldn't have been able to afford it.”
